

LOCAL BRIEFS.

Items of Interest in and Around the City.

Rah! but this is hot!
The longest day of the year is near at hand. And so the fight of time flags not, and the years roll on.

The big steam roller, for street work, recently ordered by the city has arrived and is waiting to be put in commission.

Mr. Will R. Hummel, who is making his home now in Charlotte, is in the city, visiting the family of his brother, Mr. Louis Hummel, and everybody here is glad to see him.

Mr. A. M. Shrage, who is just back from a second business trip to New York, reports that there is decided improvement of business conditions on all sides in the great metropolis.

The cross ties for the Goldsboro Street Railway have arrived and are now at the Atlantic Coast Line freight yard waiting for distribution along the right-of-way. We go forward.

The Norfolk & Southern is all right. It is public spirited and most considerate of the public's desires, and the public appreciate it. We are glad the Norfolk & Southern runs to Goldsboro.

Mrs. B. F. Nunn, of Maxton, is in the city, visiting her sister, Mrs. J. W. Isler, who has been quite sick for some weeks, but is now very much improved, the Argus is glad to know.

Mr. W. E. Borden, cashier of the Bank of Wayne, who has been in attendance on the State Bankers' convention at Morehead, returned to the city last night. His family will remain at the Atlantic Hotel for some time.

Mr. E. A. Humphrey is at home again after an extended business trip to Norfolk and Washington. Mr. Humphrey expects to resume the practice of law, having recently disposed of his interest in the firm of Humphrey-Gibson Co. to Mr. W. J. Gibson.

Our young friend and townsman Mr. Raine Freeman, of the faculty of Mt. St. Mary's College, Emmitsburg, Md., arrived home this afternoon for his vacation. The whole community are glad to have him with us again, for he is a universal favorite.

We are requested to announce for the information of the members of the local militia organizations, that the Chickamauga Maneuvers have been postponed to July 13th. The original date set was July 1st, and the change was announced by the Adjutant-General only to-day.

The representative of the company having the city contract for paving Walnut street from the bank corner to the Union Passenger Station, is in the city today, viewing the situation over, in order to outline the survey, looking to an early beginning of operation.

Only a few more days yet remain wherein to take advantage of the flattering prize offers of the Goldsboro Steam Laundry. It costs nothing to enter the contest, and certainly are the prizes worth trying for. Ten dollars; five dollars and \$2.50 for the three prize winning ads respectively.

The ladies of St. Stephen's Guild request the Argus to make acknowledgment through its columns of their sincere appreciation and abiding gratefulness to all those who so cheerfully and generously participated in the production of the New Union Depot last night, also to the Goldsboro public for their so generous patronage.

The death of Daniel Etheridge, a Wayne county boy of the Saulston section, who joined the army in the Spanish war and subsequently enlisted in the navy, occurred last week by drowning. He fell from the ship he was serving on, on its way to New London, Conn. The remains will be sent home for interment.

We are requested to say that a few days only remain in which taxes can be listed with the tax listers. The books will be closed as the law directs. If any one is to be sent up as unlisted they can only blame themselves. There is only a limited time allowed the listers to make up the books after the listing closes. They cannot accept anyone after that.

Mr. Leo J. Schwab, to the real and lasting regret of his many friends here, left today at noon to join his parents, Mr. and Mrs. Jos. Schwab, in their new home in Savannah, Ga., where he will engage in his profession, that of civil engineer, in which he is most proficient. He takes with him the abiding good wishes of all our people, by whom he is universally esteemed.

It is always a pleasure to his hosts of friends here to greet in the city our former townsman and well-known and widely popular quondam cotton buyer, Mr. Nathan Schwab, who is here today, on the rounds of the Southern wholesale trade, in the interest of his cigar factory in Philadelphia, which now commands one of the best trades in the country.

Dr. J. Malcolm Bizzell, who this week successfully passed the State Medical Board of Examiners, and is now a full-

fledge physician, has arrived home and is receiving the hearty congratulations of his hosts of friends and relatives on every hand. Dr. Bizzell thinks he will locate permanently in Goldsboro, being fully persuaded that it is the Best Town in the State and, that it has an "illigant future."

Capt. and Mrs. W. L. Morris have the sympathy of all our people in the death of their infant daughter, Virginia Lee, 10 months old, which occurred at their home in this city Sunday morning at 7 o'clock, after several weeks of serious illness. The funeral was held from the home Monday morning at 10 o'clock, Rev. Father Stapleton, of New Bern, officiating. "Suffer little children to come unto me and forbid them not, for of such is the kingdom of heaven."

The sad news reached this city to-day of the drowning yesterday, at Albemarle, near Spencer, of Mr. Jack Bryan, whose home was at Warsaw, where his mother resides, and who was very popular here, where he lived for several years, as a boy with his parents, and where more recently he filled a position, as a licensed druggist, with the Higgins Drug Company. He was a nephew of the late Dr. Jno. D. Spicer. At last accounts the body had not been recovered.

At a special meeting of the Board of City Aldermen last night a contract was duly signed for the paving of Walnut street west, from the Bank of Wayne corner of the new Union Depot with bitulithic paving, the most modern and satisfactory of all paving. The work is to begin at an early day, and be pushed to completion without delay; and with it will go along, at the same time, the laying of the track of our street railway. All the work will be under full headway by the middle of July. We, indeed, go forward.

The Goldsboro base ball team as signed up at the beginning of the season will today, for the first time, appear on the diamond, and engage the Raleigh team. The team with which Goldsboro has heretofore been meeting opposing teams of the league, had several substitutes, who had kindly consented to fill places on the team until the delayed regular members could get here. The last of these arrived Saturday afternoon, and now Goldsboro is ready to win every game in which our team is engaged. Play ball.

The Board of Trustees of the Goldsboro Hospital met last night, and designated Friday of this week, at 5:30 in the afternoon for holding the annual public meeting at the Hospital, in conjunction with the general officers and working committees of the Hospital, at which meeting the annual reports of the president and the secretary of the Board will be read in public. A cordial invitation is extended to the people of Goldsboro to attend, and it is hoped that all who can will be present. This hospital is doing a great work in the community and it behooves our people to come out at least once a year and learn of it.

Dr. N. L. Bryan, a native of Sampson county, and a graduate dentist, who has been practicing for several years in Florida, has moved with his family to Goldsboro, and has permanently located here; residing at the eastern heights of Walnut street, and having his dental office in the handsome new Odd Fellows Building on John street—suite No. 3, second floor where he is already thoroughly fitted up and doing business. Dr. Bryan is widely related, both in Goldsboro and all this section, coming of a distinguished line of ancestry, and the Argus joins his hosts of friends here in welcoming him and his excellent wife to the Best Town in the State and in wishing for him a full measure of professional patronage.

LIST OF LETTERS

Remaining in Postoffice, Goldsboro, Wayne County, N. C.,
June 22, 1908.

MEN'S LIST.

A—Preston Atkinson.
B—W J Britt, Lewis Bryant, Evan Best.
C—John D Carr.
D—John E Dobson.
E—Tillie Hill, Wesley Howell, William E Hall, Jst. Hooks.
L—Lonnie Lee, Hall Leter.
M—Irwin McLaurin, T H Mayo.
P—James Pharrow, Stephen Parker.
R—Ira Roberts.
S—Mr Smith, Norman J Smith.
T—W A Tooner.
V—Fred Vann.

LADIES' LIST.

A—Cassie Adams.
B—Mattie Buren.
D—Chas Davis.
F—Cherry Faison, Frank B Fetch.
M—Matha Mazethen.
T—Ida Thompson.
W—Lucy Waters, Clary Wooten.
Persons calling for above letters will please say advertised. Rules and regulations require that one cent be paid on advertised letters.
J. F. DOBSON,
Postmaster.

HIGH COMPLIMENT.

There's Nothing The Matter With Company E. It's All Right!

EDITOR ARGUS:

I have just seen a copy of the Argus of the 16th inst. and, on reading your "Echoes From Camp" on the first page, am all mystified. Is there only one company in Goldsboro? Where was Company E? Has the old Rifles, the pride of Bain's heart, so deteriorated that they spent 10 days at Fort Caswell and no one knew they were there?

Well, Colonel, Company E. was there—"as large as life and twice as natural." They were detached from their own Battalion and assigned to 1st Bat. 3rd Inf., and after an association with them for 10 days, I am prepared to inform you that they have not deteriorated, but are fully up to the standard set for them under the administration of Hollowell, Dorich, Bain and Hood, and by their soldierly bearing, military courtesy and modest demeanor, they were regarded in our Battalion as one of the finest companies in the Guard.

On the night of the great sham battle, Captain Bizzell was assigned for duty in the searchlight tower with an orderly, and we were kept thoroughly informed as to the movements of the enemy. On the first call to arms, I was at the Colonel's tent, and went as fast as the darkness of the night would allow to my own tent, a distance of 50 yards, after my sword, and the captain of E. Company reported his company ready for action before I entered the tent.

Evans of "E" was orderly at the Colonel's tent on the second day, and performed his duties so satisfactorily that by the Colonel's orders he was made his permanent orderly for balance of camp.

In conclusion, I will say that at any time there is a vacancy in my Battalion, there is always room for Company E. of Goldsboro.

Very truly yours,

J. J. BARNARD,

Maj. 1st Bat., 3d Inf. N. C. N. G.
In the official report of the maneuvers at Fort Caswell, at the time, which Maj. Barnard seems not to have read in the Argus, the merits of both Goldsboro's splendid military companies were duly exploited. The "Echoes From Camp," coming a week later, were written by a member of Co. D., and, of course, from a purely company standpoint, as they should have been.
—ED. ARGUS.

POLITICS AND POLITICIANS.

Ambitions and Prospects of Men

Strutting and Fretting Their Hour on the Stage.

(Special to the Argus.)

Washington, D. C., June 23.

W. C. Dowd, editor of the Charlotte News, is prominently mentioned for the office of lieutenant governor of North Carolina.

Lieutenant Gov. A. B. Davidson, of Texas, has announced his candidacy for reelection.

It is reported in Milwaukee that in the event of the election of William J. Bryan to the presidency, E. C. Wall of that city probably will be given the position of postmaster general.

Gov. Johnson, of Minnesota, declares that he will not be a candidate for reelection for a third term. He says that if nominated he will not accept, because he is opposed to the third term idea.

As the result of the local option election held in Oregon this month, county prohibition will prevail in 21 of the 33 counties after July. In addition there will be more or less dry territory in all of the remaining twelve counties.

Probably no national convention of recent years witnessed the passing of so many veteran party leaders as the Republican convention recently held in Chicago. Scores of old faces were missing and in their place were younger leaders who were wholly unknown to national politics a decade ago.

After the Oregon legislature of 1909 has elected Gov. George E. Chamberlain to the United States Senate, Frank S. Benson will occupy the dual position of governor and secretary of State. Mr. Benson is at present secretary of State. According to the constitution of Oregon the office of governor falls to the lot of secretary of State, in case the regularly elected governor, for any reason other than the expiration of his term, should cease to exercise the functions of his office.

ANNOUNCEMENT.

I hereby announce myself as a candidate for the office of treasurer of Wayne county, subject to the action of the Democratic County Convention.
JOHN H. HILL, Jr.

RICH RED BLOOD

NATURE'S SAFE-GUARD AGAINST DISEASE

Pure, rich blood and a free circulation is the surest protection against the diseases and disorders which are constantly attacking our physical systems. The healthy circulation of the blood prevents the entrance of disease germs, and filters out of the system everything that is not necessary or beneficial to the growth and development of the body; all life's forces are kept up by it, and every organ, nerve, tissue and bone is dependent on the blood for its nourishment and strength.

Healthy blood is filled with millions of little red corpuscles. These minute particles furnish its rich, red color, and are the carriers of nutriment and health to the different parts of the body; in other words the very life and vitalizing essence of the circulation. The destruction of these corpuscles by disease germs weakens and pollutes the blood, and anæmia, with its attendant evils of pale, chalky complexions, weak, run-down systems and malarial conditions, or perhaps some more definitely marked disorder, is the result.

Frequently the blood becomes infected with acrid, fiery humors, and Eczema, Acne, Tetter, or some other skin disease or affection makes its appearance, and is kept up with its itching and disfiguring symptoms. An excess of uric acid in the circulation causes a fermentation of the blood, and Rheumatism, with its pains and aches, is established in the system, there to remain, unless the poison is driven from the blood. Old Sores and Ulcers are likewise dependent on bad blood. These places are kept open and in a state of irritation by the drainage of pollution which the blood is continually discharging into them. In fact there are few ailments which cannot be traced to impure or diseased blood, and our only safeguard is to keep the circulation in strong, healthy condition.

In all blood troubles S. S. S. has proven itself a perfect remedy, and is universally recognized as the greatest of all blood purifiers. It goes down into the circulation, and removes all poisons, humors and taints, and makes this life-stream pure and health-sustaining. It purifies and strengthens weak, deteriorated blood, supplies it with the healthful properties it needs, and establishes the foundation for good health. As a tonic S. S. S. has no equal, and will be found especially adapted to weak, run-down systems.

One of the greatest points in favor of S. S. S., is that it does not contain a particle of mineral, but is made entirely of the extracts and juices of harmless, healing, cleansing roots and herbs. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison, and all other blood troubles, are permanently cured by S. S. S., and so thorough is its work that no trace of the disease is left for future outbreaks. S. S. S. is for sale at all drug stores. Book on the blood and any medical advice desired will be sent free to all who write.
